Dear colleagues!

PO "Ukrainian Society of Ophthalmologists" and SI "The Filatov Institute of Eye Diseases and Tissue Therapy of NAMS of Ukraine" are sincerely grateful to all friends, colleagues, international partners for their desire to support us and help in this difficult time for Ukraine.

During the crisis, we provide highly specialized eye care to all who need it. Unfortunately, the situation in the country is only intensifying and the need for humanitarian aid is constantly growing.

We will be grateful for humanitarian aid - the supply of ophthalmic surgical materials, because this is extremely necessary for our country and that will allow our specialists to continue to perform their difficult but necessary work.

So, we ask you to support us and provide humanitarian aid taking into account its possible quantity, namely: financially, medically, consumables, etc..

The transfer and acceptance act is guaranteed to send.

We sincerely hope for collaboration.

Best regards and sincere gratitude
